

Spa Safari

This month we travel to South Africa to go on safari, spa style...

SET in the heart of the untamed bush in northern Zululand, Thanda is home to an astonishing variety of wildlife.

Thanda means "love" in Zulu, and there can be no more romantic safari destination; in fact, the private game reserve was voted Africa's Leading Luxury Lodge at the 2008 World Travel Awards.

Stay in one of the 9 beautifully decorated luxury bush villas overlooking the game reserve or enjoy an even more authentic experience at the non-electrified colonial safari style tented camp.

Rise early to join Thanda's knowledgeable guides on a game drive in search of the "Big Five" and be sure to take your camera and plenty of film.

Spend the afternoon relaxing in your private infinity pool or visit Thanda's unique safari-spa and indulge in a wonderfully aromatic African inspired treatment.

In the evening, savour outstanding cuisine beside the campfire and under a canopy of stars. Thanda is a once in a lifetime experience... and one that you will want to return to again and again.
